

Phil Sahady

Chevo Consulting, LLC

Phil Sahady is the co-founder and President of Chevo, where he provides strategic direction and oversees service delivery and business development. Phil has over 29 years of experience in management consulting and program management. He played key leadership roles in two other consulting firms, where he developed strong customer and partner relations and led growth. Phil's background in strategic analysis, business process re-engineering, portfolio management, project management, and enterprise content management provides Chevo with a solid foundation, creating strong client satisfaction and loyalty.

Phil earned a bachelor's degree in Electrical and Computer Engineering from West Virginia University. He holds an MBA from Loyola College and is a Project Management Institute (PMI) certified Project Management Professional (PMP).

[Chevo Consulting, LLC is among the eight companies selected as a recipient of the 2018 AWE Certificate of Recognition for Supporting Workers 50+.]
